**Gets a Job Under United States District Attorney Flynn in Arizona.**

Phoenix, Ariz., Jan. 23.—Declining to discuss the persistent rumors that "Pressure from Washington" has been exerted upon him, Thomas A. Flynn, United States district attorney for Arizona, made the simple announcement that he had selected William J. Bryan, Jr., of Tucson, as his assistant, to succeed Wiley E. Jones, who recently resigned to become attorney general of the state.

# IF BACK HURTS BEGIN ON SALTS

**Flush your Kidneys occasionally if you eat meat regularly.**

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known meat authority. Meat forms uric acid which clogs the kidneys and so they gradually filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headache, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, get about four ounces of Jaid Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders. Jaid Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Advertisement.
